\* Which is even higher than the iPhone's own battery capacity of 1440 mAh.

#### PACKAGING CONTENTS

- PowerShadow Battery Case
- Charge & Sync Dock
- USB Cable
- User Manual
- Headphone Jack Extender

USB PORT DOCK CONNECTOR

Although the i5d is equipped with a USB port for on-the-go charging, using the included dock for day-to-day charging virtually eliminates one of the most common causes of battery case failure: broken or worn out USB ports.

An LED array indicates battery level, and an On-Off button lets you control the power.
